About DLSU-D

DLSU-D is dedicated in its pursuit of academic and research excellence in various disciplines. The University is committed to molding globally competitive students who will become game changers in their respective fields.

Its executive and professional organizations that confer the University with merit and recognition in academic, research, and environmental programs. Among these are: Level Accreditation by the Philippine Accrediting Association of Schools, Colleges, and Universities (PAASCU), Asia-Oceania Institute of Learning, Center of Excellence in Teacher Education Academic (CACTE), College of Excellence in Early Childhood Education (CACTE), and most recently, the Eco-Friendly School (Tertiary Level), Most Sustainable and Eco-Friendly School (Tertiary Level), Most Sustainable and Eco-Friendly School (Tertiary Level), Most Sustainable and Eco-Friendly School (Tertiary Level).

DLSU-D is managed by the De La Salle University of the Philippines.

At present, the University offers more than 30 degree undergraduate and graduate programs through its seven colleges. It has a diverse community of more than 12,000 degree candidates, 1,200 faculty and staff, and more than 12,000 alumni across the globe. The University continually sees possibilities by strengthening its scholarship programs to make academic education accessible to deserving but underprivileged youth.

CCJE

The College of Criminal Justice Education (CCJE) fosters high concepts of citizenship and leadership by instilling in its students an understanding of the constitutional guarantees, due process of law, and respect for human rights. The college prepares students for a career in the three primary units under the Department of Interior and Local Government -- the Philippine National Police, Bureau of Jail Management and Penology, and Bureau of Fire Protection. It aims to integrate values by making God as the center of all achievements, accomplishments, and inculcating the morals of service in doing professional work.

College of CRIMINAL JUSTICE EDUCATION
PROGRAM OFFERINGS

Bachelor of Science in CRIMINOLOGY

This program promotes responsible attitude among students through the assimilation of a noble concept of citizenship and leadership, the understanding of their moral and legal responsibilities to their fellowmen, community, and country; and the development of the ideals, attitudes, and habits needed to become responsible citizens.

Through excellent training, they gain a solid background on the Philippine Constitution and related laws, master the technical and theoretical aspects of police science, and use modern forensic instruments and police equipment.

Master of Science in CRIMINAL JUSTICE WITH SPECIALIZATION IN CRIMINOLOGY

This program enhances the quality of Criminology Professionals, making them more responsive to the needs of the Philippine Criminal Justice System. The improved judgments and decisions on critical issues will be learned to understand human nature and social arrangements as these professionals pursue high level opportunity in law enforcement, security, court systems, education, and training.
