Good day.

In response to rising fuel costs and transportation challenges resulting from the conflict in the Middle East, DLSU-D will implement a shift in learning modalities and work arrangements on April 10, 13, 24, and 30, 2026 reducing onsite reporting by one day per week. Please be guided by the following adjustments:

Basic Education Division	College and College of Law	Scheduled Activities	Work
Exam week will push through from April 6 to 8, 2026. Research Week will proceed from April 14 to 17, 2026.	For scheduled onsite classes, shift to synchronous online classes except for laboratory and PE classes.	Scheduled activities may proceed. Retreat and Recollection may proceed as scheduled. Gawad Sinag will be moved to the morning of April 30, 2026.	Employees will adopt work from home modality except for essential personnel, laboratory staff and those required by immediate head. Flexible Reporting Guidelines should be observed.

For your information and guidance.

Thank you.
