Learning Management System (LMS) Syncing Guide for Online Enrollment

(FOR STUDENTS)

INFORMATION AND COMMUNICATIONS TECHNOLOGY CENTER

NEED HELP? Contact helpdesk@dlsud.edu.ph / local 3225

Syncing the Learning Management System (LMS) with the school's enrollment system and my.DLSU-D Portal ensures real-time accuracy and immediate access to course materials. It eliminates delays, prevents data duplication, and minimizes the administrative workload associated with manual data entry.

Both students and faculty benefit from instant access to updated class information, enabling a smoother start to the academic term. This integration supports a more student-centered approach as the university moves toward a more digital, efficient, and streamlined system.

LMS synchronization is an added feature available as part of the online enrollment process.

The '**Sync Enrolled Subjects to LMS**' button appears **ONLY AFTER** your registration transaction is posted.

Once visible, click '**Sync Enrolled Subjects to LMS**' to begin syncing.
