Re: Traffic Advisory: Opening of Classes for 1<sup>st</sup> Semester SY 2025-2026

---

Please be advised that due to the start of the 1st Semester of School Year 2025-2026 on Monday, August 18, 2025, a high volume of vehicles and pedestrians is expected on campus.

**Entry and Exit Points:**

- Due to the expected high of volume vehicles and pedestrians, please anticipate potential delays when entering the campus.

**Parking:**

- Designated parking areas for students and employees operate on a first-come, first-served basis. We encourage you to arrive early to secure a slot.
- Please avoid parking along campus roadsides, as this obstructs the flow of traffic and may result in a traffic violation.

**Traffic Reminders and Regulations:**

- All vehicles must adhere to the campus speed limit of 20 kph.
- Please adhere to the instructions of our security personnel. Their role is to direct traffic and ensure the safety of all individuals on campus.
- Pedestrians are advised to use designated walkways and pedestrian lanes at all times.
- Motorcycles are required to park in the designated motorcycle parking areas only.

**Identification:**

- For everyone's safety and security, all community members, including students and employees, are required to wear their identification cards while on campus.

We understand that the first days of classes can be challenging due to increased traffic. Your understanding and cooperation are greatly appreciated in making the campus safe and orderly for everyone.
