(FOR STUDENTS)

CENTER FOR DIGITAL TRANSFORMATION AND TECHNOLOGY

Need help? Contact helpdesk@dlsud.edu.ph / local 3225

Syncing the Learning Management System (LMS) with the school's enrollment system and my.DLSU-D Portal ensures real-time accuracy and immediate access to course materials. It eliminates delays, prevents data duplication, and minimizes the administrative workload associated with manual data entry.

Both students and faculty benefit from instant access to updated class information, enabling a smoother start to the academic term. This integration supports a more student-centered approach as the university moves toward a more digital, efficient, and streamlined system.

Once visible, click '**Sync Enrolled Subjects to LMS**' to begin syncing.
