

Fun Features of Your OneDrive

#KnowYourOffice365

OneDrive is the Microsoft cloud service that connects you to all your files using a safe, accessible platform that makes teaching, learning and collaborating even more convenient and exciting.

It lets you access files anywhere, anytime!

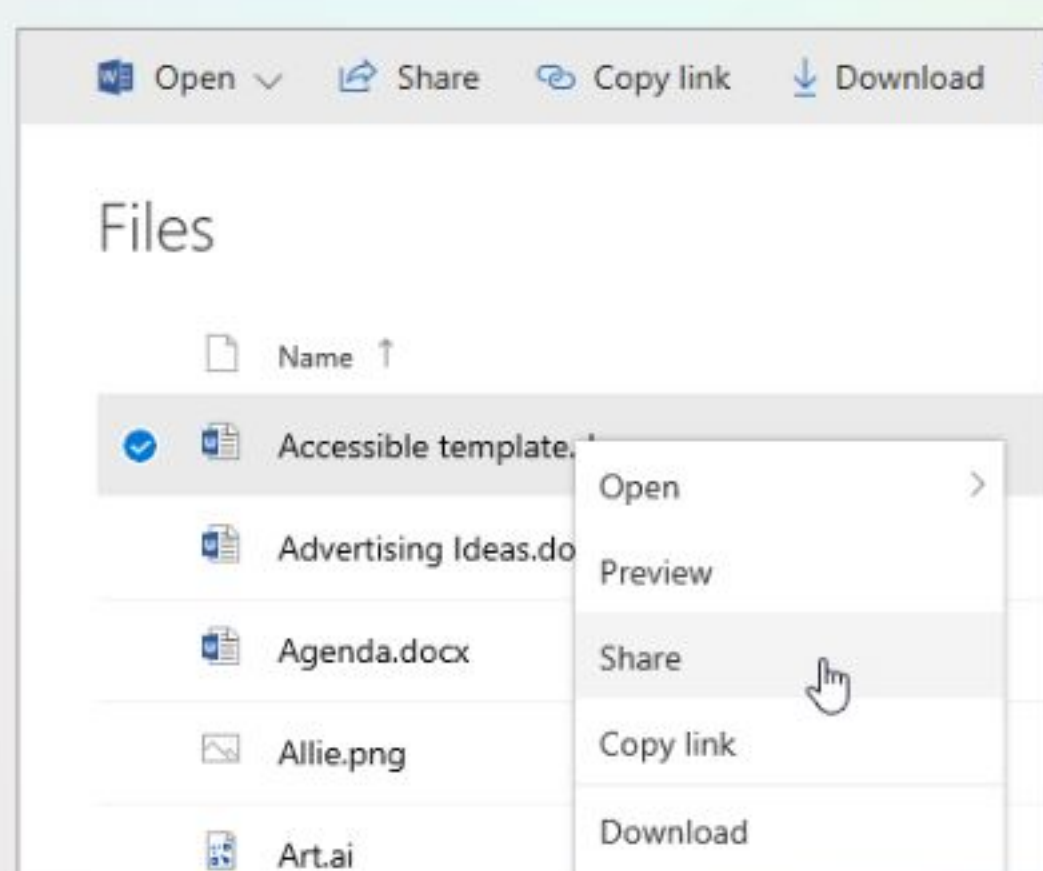

OneDrive Files On-Demand enables you to view, search for, and interact with files stored in OneDrive from within File Explorer without downloading them on all to your devices. This means you don't take up too much space in your local hard drive.

It has a large capacity!

You can store up to 1 TB of data on your OneDrive

It lets you collaborate seamlessly

Specify sharing options such as the default sharing type for users, with whom they can share, and how long sharing links remain active. Give them permission to view or edit the files in real time for faster collaboration.
