EXPLORING MEXICAN IDENTITY THROUGH GASTRONOMY: A CULTURAL LECTURE AT DLSU-D

October 1, 2025

On October 1, 2025, the 2nd year Tourism Management students of De La Salle University-Dasmariñas were treated to a vibrant and enriching cultural experience through a lecture delivered by Mtra. The lecture was both informative and interactive. Students gained a deeper appreciation of how the Milpa reflects the interconnectedness of food, land, and identity in Mexican culture. A highlight of the session was a live tortilla-making demonstration, where students witnessed firsthand the preparation of one of Mexico’s most iconic culinary elements.

Through this engaging presentation, students were able to explore the richness of Mexican gastronomy and its cultural significance. The event served as a meaningful platform for cross-cultural understanding, showcasing how food can be a powerful medium for storytelling and identity.

STRENGTHENING CONNECTIONS BEYOND CAMPUS

October 29, 2025

The Linkages and Scholarship Office (LSO) of DLSU-D recently conducted random home visits to selected Student Financial Aid Grant (SFAG) and UTFI scholars within Dasmariñas City.

During the visits, the families warmly welcomed the team and expressed their heartfelt gratitude to DLSU-Dasmariñas for the scholarship opportunities that have made a lasting difference in their lives. They shared how the assistance has lightened their financial burdens and inspired their children to study harder and give back in the future.

Many families live in shared ancestral homes or Pag-IBIG-acquired housing, with parents working as tricycle drivers, public school teachers, virtual assistants, call center agents, farmers, and retired OFWs—all striving to provide the best for their children through hard work and perseverance.

These visits allowed the LSO to better understand the scholars' home situations and reaffirmed DLSU-D's mission to make Lasallian education accessible, transformative, and rooted in compassion.
