RE: April 22 is Global Earth Day Celebration

Greetings!

As part of our University's participation in the Global Earth Day celebration, may we request your assistance in enjoining our faculty, staff, students and partners to wear green shirts on April 22, 2013 (Monday)? This will follow our University's policy on allowable green shirts during Fridays.

Let's work together in uplifting the consciousness that being a Lasallian is being pro-environment!

Thank you for your usual support.
